Awards shall be made to the bidder(s) whose offer(s) constitutes the lowest responsive price offer (or lowest responsive price offer on an evaluated basis) for the item(s) in question or for the Request as a whole, at the option of the State. The State reserves the right to determine those offers which are responsive to the Request or which otherwise serve its best interests.

b. The State reserves the right, before making award, to initiate investigations as to whether or not the materials, equipment, supplies, qualifications or facilities offered by the bidder meet the requirements set forth in the proposal and specification, and are ample and sufficient to insure the proper performance of the contract in the event of award. If upon such examination it is found that the conditions of the proposal are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications or facilities are not satisfactory, the State may reject such a bid. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the State to make any examinations before awarding a contract; and it is further understood that if such examination is made, it in no way relieves the contractor from fulfilling all requirements and conditions of the contract.

c. Qualified or conditional offers which impose limitations of the bidder's liability or modify the requirements of the bid, offers for alternate specifications, or which are made subject to different terms and conditions than those specified by the State may, at the option of the State, be

1. rejected as being non-responsive, or
2. set aside in favor of the State's terms and conditions (with the consent of the bidder), or
3. accepted, where the State Purchasing Agent determines that such acceptance best serves the interests of the State.

Acceptance or rejection of alternate or counter-offers by the State shall not constitute a precedent which shall be considered to be binding on successive solicitations or procurements.

d. Bids submitted in pencil, or which do not bear an original signature, in ink, by an owner or authorized agent thereof, will not be accepted.

e. Bids must be extended in the unit of measure specified in the Request. In the event of any discrepancy between unit prices and their extensions, the unit price will govern.

f. The Purchasing Agent reserves the right to determine the responsibility of any bidder for a particular procurement.

past performance of the offerors where, in his judgment the best interests of the State will be served by so doing.

h. The Purchasing Agent reserves the right to make awards by items, group of items or on the total low bid for all the items specified as indicated in the detailed specification, unless the bidder specifically indicates otherwise in his bid.

i Preference may be given to bids on products raised or manufactured in the State, other things being equal.

j. The impact of discounted payment terms shall not be considered in evaluating responses to any Request.

k. The Purchasing Agent reserves the right to act in the State's best interests regarding awards caused by clerical errors by the Office of Purchases.

The Owner and Design Team will review all submissions. After review, one or more respondents may be invited to answer questions that allow the Owner and Design Team to determine which firm will be awarded the project based on the costs and confirmation that the Scope of Work is clear and that the Bid Costs includes all work. As such, the Bidder shall ensure that all key team members are available for Scope of Review meeting that will assist the Owner and Design Team in determining the completeness of the proposals. Additionally, the Bidder shall be prepared to provide all required documents (i.e. Bond, Insurance, MBE and etc.) for prompt execution of the Contract.
