Solicitation Number:	7550478
Solicitation Title:	BLANKET REQUIRMENTS FIRE ALARM AND SPRINKLER REPAIRS, UNIVERSITY OF RHODE ISLAND (29 PGS)
Bid Proposal Submission Deadline Date & Time:	4/25/2016 11:00 AM
RIVIP Vendor ID #:	36572
Bidder Name:	AFA Protective Systems, Inc.
Address:	240 Chestnut Street Warwick , RI 02888 usa
Telephone:	(401) 461-2770
Fax:	(401) 461-2772
Contact Name:	Steve Lawton
Contact Title:	RI Commercial Sales Rep
Contact Email:	slawton@afap.com

SECTION 2 - DISCLOSURES

Bidders must respond to every statement. Bid proposals submitted without a complete response may be deemed nonresponsive.

Indicate "Y" (Yes) or "N" (No) for Disclosures 1-4, and if "Yes," provide details below

N 1. State whether the Bidder, or any officer, director, manager, stockholder, member, partner, or other owner or principal of the Bidder or any parent, subsidiary, or affiliate has been subject to suspension or debarment by any federal, state, or municipal governmental authority, or the subject of criminal prosecution, or convicted of a criminal offense within the previous 5 years. If "Yes," provide details below.

N 2. State whether the Bidder, or any officer, director, manager, stockholder, member, partner, or other owner or principal of the Bidder or any parent, subsidiary, or affiliate has had any contracts with a federal, state, or municipal governmental authority terminated for any reason within the previous 5 years. If "Yes," provide details below.

N 3. State whether the Bidder, or any officer, director, manager, stockholder, member, partner, or other owner or principal of the Bidder or any parent, subsidiary, or affiliate has been fined more than $5000 for violation(s) of any Rhode Island environmental law(s) by the Rhode Island Department of Environmental Management within the previous 5 years. If "Yes," provide details below.

N 4. State whether any officer, director, manager, stockholder, member, partner, or other owner or principal of the Bidder is serving or has served within the past two calendar years as either an appointed or elected official of any state governmental authority or quasi-public

corporation, including without limitation, any entity created as a legislative body or public or state agency by the general assembly or constitution of this state.

Disclosure details (continue on additional sheet if necessary):

SECTION 3 - OWNERSHIP DISCLOSURE

Bidders must provide all relevant information. Bid proposals submitted without a complete response may be deemed nonresponsive.

If the Bidder is publicly held, the Bidder may provide owner information about only those stockholders, members, partners, or other owners that hold at least 10% of the record or beneficial equity interests of the Bidder; otherwise, complete ownership disclosure is required.

List each officer, director, manager, stockholder, member, partner, or other owner or principle of the Bidder, and each intermediate parent company and the ultimate parent company of the Bidder. For each individual, provide his or her name, business address, principal occupation, position with the Bidder, and the percentage of ownership, if any, he or she holds in the Bidder, and each intermediate parent company and the ultimate parent company of the bidder.

SECTION 4 - CERTIFICATIONS

Bidders must respond to every statement. Bid proposals submitted without a complete response may be deemed nonresponsive.

Indicate "Y" (Yes) or "N" (No), and if "No," provide details below.

THE BIDDER CERTIFIES THAT:

Y 1. The Bidder will immediately disclose, in writing, to the State Purchasing Agent any potential conflict of interest which may occur during the term of any contract awarded pursuant to this solicitation.

Y 2. The Bidder possesses all licenses and anyone who will perform any work will possess all licenses required by applicable federal, state, and local law necessary to perform the requirements of any contract awarded pursuant to this solicitation and will maintain all required licenses during the term of any contract awarded pursuant to this solicitation. In the event that any required license shall lapse or be restricted or suspended, the Bidder shall immediately notify the State Purchasing Agent in writing.

Y 3. The Bidder will maintain all required insurance during the term of any contract pursuant to this solicitation. In the event that any required insurance shall lapse or be canceled, the Bidder will immediately notify the State Purchasing Agent in writing.

Y 4. The Bidder understands that falsification of any information in this bid proposal or failure to notify the State Purchasing Agent of any changes in any disclosures or certifications in this Bidder Certification may be grounds for suspension, debarment, and/or prosecution for fraud.

Y 5. The Bidder has not paid and will not pay any bonus, commission, fee, gratuity, or other remuneration to any employee or official of the State of Rhode Island or any subdivision of the State of Rhode Island or other governmental authority for the purpose of obtaining an award of a contract pursuant to this solicitation. The Bidder further certifies that no bonus, commission, fee, gratuity, or other

remuneration has been or will be received from any third party or paid to any third party contingent on the award of a contract pursuant to this solicitation.

Y 6. This bid proposal is not a collusive bid proposal. Neither the Bidder, nor any of its owners, stockholders, members, partners, principals, directors, managers, officers, employees, or agents has in any way colluded, conspired, or agreed, directly or indirectly, with any other bidder or person to submit a collusive bid proposal in response to the solicitation or to refrain from submitting a bid proposal in response to the solicitation, or has in any manner, directly or indirectly, sought by agreement or collusion or other communication with any other bidder or person to fix the price or prices in the bid proposal or the bid proposal of any other bidder, or to fix any overhead, profit, or cost component of the bid price in the bid proposal or the bid proposal of any other bidder, or to secure through any collusion, conspiracy, or unlawful agreement any advantage against the State of Rhode Island or any person with an interest in the contract awarded pursuant to this solicitation. The bid price in the bid proposal is fair and proper and is not tainted by any collusion, conspiracy, or unlawful agreement on the part of the Bidder, its owners, stockholders, members, partners, principals, directors, managers, officers, employees, or agents.

Y 7. The Bidder: (i) is not identified on the General Treasurer's list created pursuant to R.I. Gen. Laws § 37-2.5-3 as a person or entity engaging in investment activities in Iran described in § 37-2.5-2(b); and (ii) is not engaging in any such investment activities in Iran.

Y 8. The Bidder will comply with all of the laws that are incorporated into and/or applicable to any contract with the State of Rhode Island.

Certification details (continue on additional sheet if necessary):

Submission by the Bidder of a bid proposal pursuant to this solicitation constitutes an offer to contract with the State of Rhode Island through the Division of Purchases on the terms and conditions contained in this solicitation and the bid proposal. The Bidder certifies that: (1) the Bidder has reviewed this solicitation and agrees to comply with its terms and conditions; (2) the bid proposal is based on this solicitation; and (3) the information submitted in the bid proposal (including this Bidder Certification Cover Form) is accurate and complete. The Bidder acknowledges that the terms and conditions of this solicitation and the bid proposal will be incorporated into any contract awarded to the Bidder pursuant to this solicitation and the bid proposal. The person signing below represents, under penalty of perjury, that he or she is fully informed regarding the preparation and contents of this bid proposal and has been duly authorized to execute and submit this bid proposal on behalf of the Bidder.

YOUR FIRE AND SECURITY SOLUTION

AFA Protective Systems, Inc.
240 Chestnut St
Warwick, RI 02886
Tel 401-461-2770
Fax 401-461-2772

AFA Protective Systems, Inc. is a full service provider of Fire and Security alarm services, Video Surveillance and Access Control systems. Since 1873, we have provided customers with reliable and thoughtful solutions to their fire and security needs. Our fully automated, UL Listed, FM Approved, FDNY approved and CSAA Five Diamond central station facilities are staffed with trained and skilled operators who are certified to receive and respond to any alarm condition 24 hours a day, 7 days a week.

Our 18 branch offices provide service to areas across the United States. Each AFA branch office is fully equipped with in-house service technicians to respond to the needs of your systems 24 hours a day. Through ongoing training and continually pursuing the most experienced industry professionals, AFA has maintained a reputation for unsurpassed quality service.

Our Project Management capabilities along with our factory-trained technicians assure projects are installed to industry codes and standards. We provide complete system integration for Fire, Security, Communications, and Mass Notification thus providing a true integration package for our clients.

We are factory certified dealers for Notifier and Gamewell-FCI fire alarms and NESCO affiliates in multiple states. Our relationship and training with Notifier and Gamewell-FCI, provides us access to other Honeywell channel partners such as Firelite, Silent Knight, Vesda, RAE Systems, and Vulcan for gas detection. AFA is also a certified dealer of DMP, Bosch and Honeywell fire/security systems, Pelco CCTV products, several other access control and CCTV systems.

We provide our services to the commercial, retail, financial, transportation, education, healthcare, Industrial, government, and residential markets. Some of our recognizeable customers include Trump Towers in New York, Brooklyn VA Hospital in New York, Hartsfield International Airport in Atlanta, New York University, Emory University in Atlanta, Fort Bragg in North Carolina, Fenway Park in Boston, Newark International Airport in New Jersey, Kia Motors in West Point, GA., Gwinnett Medical Center in GA.

We welcome the opportunity to become your service provider as well.

Yours truly,

Steve Lawton c 401-255-8629

YOUR FIRE AND SECURITY SOLUTION

FIRE ALARM SYSTEM INSTALLATION

THOUGHTFUL, CUSTOM SOLUTIONS

Fire safety solutions require a thoughtful approach from a partner who understands your property or business. They also require technical knowledge and familiarity with local codes — insight garnered through decades of experience. AFA has representatives serving on various National Fire Protection Association committees (NFPA 72) and encourages its technicians to obtain NICET certification, a National benchmark for Fire alarm standards and codes. Unlike other installation companies, AFA's systems consultants and project engineers will:

- Find the right technology, right approach, and right solution to help you ensure your most valuable assets are fully protected.
- Work directly with you, your engineer, your electrical contractor, or your general contractor.

SMOOTH APPROVAL PROCESS

From start to finish you can rely on AFA to manage and provide a system approval process that ensures your alarm system's filing requirements will be properly handled while keeping your project on schedule and on budget. You can count on AFA to:

- Remain current on relevant regulations and codes, as well as how your jurisdictional authority operates.
- Follow up on every detail, especially in the complicated permit and approval process.
- Procure installation permits and collaborate with fire marshals to ensure your system is approved.

EXCEPTIONAL SERVICE, RESPONSIVENESS, AND ATTENTION TO DETAIL

Quality fire alarm systems are only as reliable as the support behind them. Our knowledgeable, experienced, and reliable installation crews can perform all aspects of an installation. However, if you prefer to do the installation privately, we can arrange for an AFA project manager to oversee the work being done by your contractors.

WITH AFA YOU CAN EXPECT

- Thoughtful fire safety solutions
- Ability to install any size system with equipment from leading manufacturers
- Exceptional service, responsiveness, and attention to detail
- A heritage of experience and a history of long term client relationships
- NICET Certified technicians
- Flexibility, a willingness to work with or provide direction to your contractor
- Ease of installation, including the ability to procure materials or a schedule of materials for your direct purchase

ABOUT AFA

AFA delivers thoughtful fire and security solutions – installing, monitoring, servicing and inspecting the systems that protect your property or business. We offer customers the freedom of nonproprietary systems because we have confidence that our exceptional service, responsiveness and attention to detail are second to none. We approach challenges by building partnerships, understanding your unique needs and developing innovative solutions. Our goal is to be your long-term fire and security partner whose word and experience you can always rely on.

OUR HISTORY

FOUNDED IN 1873, AFA IS THE OLDEST CENTRAL STATION ALARM COMPANY OPERATING IN THE UNITED STATES.

OUR BEGINNINGS

After the "Great Chicago Fire" and the Boston fire of 1872, fire prevention and detection became a national issue in the United States. In response, William B. Watkins launched the Watkins Automatic Signal Telegraph Company in 1873, the first private fire alarm company in the country based in New York City. The Company expanded its operations to Boston in 1874 and thereafter to the Philadelphia market. On February 20, 1883, the Watkins Automatic Signal Telegraph Company (Limited) was incorporated. The company changed its name to Automatic Fire Alarm Company on December 23, 1899. The company continued to prosper, even throughout the economic challenges of the Great Depression and two world wars.

A NEW VISION

In 1969, Automatic Fire Alarm came under new management. With a forward vision, the company added a full range of building protection services, including security alarms, access control and video surveillance. To better reflect this new vision, while honoring its heritage, Automatic Fire Alarm Company changed its name to AFA Protective Systems, Inc.

EXPANSION

With an expanded scope of services combined with increased demand for high quality systems, AFA was well positioned to expand the geographic scope of its operations. In the 1990's, the company established new branches throughout the Mid-Atlantic and Southeast. In addition, AFA established its National Accounts Division dedicated to providing asset protection and life safety solutions to retail and commercial chain accounts throughout the 48 contiguous United States.

TECHNOLOGY

AFA's commitment to operate at the forefront of technology has resulted in valuable contributions to Fire and Security protection. Over the years, AFA has introduced new solutions and has received several US Patents for various types of protective devices. In the 1970's, AFA developed one of the first multiplex or interactive alarm signaling technologies. In the 1980s, AFA was among the first to adopt traditional phone lines and migrate systems to that alarm signal transmission method. Today, as phone lines are being phased out, AFA is leading the transition to new technologies, offering customers the ability to have their systems transmit signals to our central stations over GSM cellular, Internet and/or VoIP.

AFA TODAY

AFA's heritage and valuable contributions to Fire, Life Safety and Security technologies serve as a great source of pride for us. The long-term relationships we have built with clients, business partners and employees over the decades are what is most important to us. History and relationships matter. It is the difference between being treated like a number in a computer as compared to a trusted partner you can take at their word. With over 140 years of experience, we offer stability, dependability, and proven levels of performance to protect the lives and assets of our most valued customers.

FIRE • SECURITY • COMMUNICATION

FIRE

AFA's long corporate history is built on personal relationships with our customers and the deep experience of our employees. We know that nothing is more important than the safety of the people and assets in your properties. Our fire alarm systems and services provide you with peace of mind, convenience, exceptional service and approvals you need. Our experienced fire alarm services include:

- Central Station Monitoring
- System Design
- Budget & Planning Services
- Maintenance Services
- System Installation
- System Integration
- Expediting Services
- Test & Inspection
- Sprinkler System Monitoring
- 24 Hour Response

SECURITY

AFA provides thoughtful and reliable security solutions. Our team of experienced professionals will get to know you and your business to provide the right solution for installing, monitoring, and servicing your security systems. We find the right technology, right approach, and right solution to help you ensure your most valuable assets are fully protected. Your business will be protected by a combination of devices designed to reduce the risks of a burglary or intrusion throughout the entire building and across multiple entrances. Our security solutions include:

- Central Station Monitoring
- Intrusion Detection Systems
- Video Surveillance Systems
- Maintenance Services
- Access Control Systems
- AFA Vision Remote Services
- Integrated Security Solutions

COMMUNICATION

AFA offers systems to enhance notification and communication throughout your facilities. Whether you need to send out emergency notifications or make routine announcements, AFA can design and install a communication system that meets your unique needs. AFA employees are well versed in existing, as well as new technology, allowing us to take a thoughtful approach to each system. We believe this leads to a better, simpler service experience. Our communication systems include:

- Nurse Call Systems
- Intercom and Paging Systems
- Public Address Systems
- Mass Notification Systems
- Telecommunication Systems
- Sound and Communications Systems

THOUGHTFUL FIRE AND SECURITY SOLUTIONS

Fire safety and security solutions require the thoughtful approach of a partner who understands the property or business. By getting to know you and your unique needs, we provide the right solutions for installing, monitoring, servicing and inspecting fire and security systems. We find the best technology, best approach, and best solution to help you ensure your most valuable assets are fully protected.

SYSTEM INDEPENDENCE WITH UNMATCHED SUPPORT

Quality fire and security systems are only as reliable as the aptitude and support behind them. We provide equipment from leading manufacturers rather than proprietary systems because we believe the independence to choose the right system and the right service partner leads to a better, simpler service experience. Our expertise installing, monitoring, servicing and inspecting your fire and security systems gives us the confidence that we can provide the unmatched support you deserve.

EXCEPTIONAL SERVICE, RESPONSIVENESS, AND ATTENTION TO DETAIL

For fire and security protection, genuine peace of mind comes from trusting in the service you receive and knowing that everything has been checked and rechecked. We pride ourselves in our tireless follow-through and follow-up on every detail with our clients and partners. We deliver exceptional service with prompt and forthright responses so you know that your people and assets are protected.

A HERITAGE OF EXPERIENCE AND HISTORY OF MEANINGFUL RELATIONSHIPS

AFA's heritage as the nation's first Central Station fire alarm company is a great source of pride for us. But what's most important are the long-term relationships we have built with clients, partners and employees over the decades. History and relationships matter. It's the difference between being a number in a computer and having a long-time personal contact you can take at their word. It's the stability and reliability that comes with over one hundred years of experience protecting and serving our clients.

YOUR FIRE AND SECURITY SOLUTION

FIRE ALARM INSPECTION SERVICES

UNMATCHED SUPPORT

Having a fire alarm system only helps protect your people, property and assets if it is working. As a building owner or manager, we know that you have many tasks to juggle to keep your property safe and functioning. It's a lot to manage. AFA's fire alarm inspection services ensure:

- Your fire alarm and life safety equipment is thoroughly tested and inspected
- Compliance with state and local codes, which mandate periodic fire alarm inspections
- You have the proper documentation including completed inspection reports that your building's fire alarm system has been tested to code
- Continued compliance with authorities by maintaining your custom inspection schedule

EXCEPTIONAL SERVICE, RESPONSIVENESS AND ATTENTION TO DETAIL

Our employees' fire alarm inspection experience and attention to detail provide you with a service schedule that won't disrupt your building's operation or your day-to-day business. Fire alarm systems must be inspected, tested and maintained regularly to comply with the appropriate code (local, state, or NFPA) to better protect your property if there is a fire. AFA employees will test and inspect your entire system and all of its components.

THOUGHTFUL SOLUTIONS

AFA has a long history of collaboration with business owners and managers. Our solutions help to provide confidence that you and your valuable assets have a fire alarm system that will operate properly, when needed. We care about the unique needs of your building and are dedicated to keeping your fire alarm systems fully tested and operational.

WITH AFA YOU CAN EXPECT

- Thoughtful and worry-free fire safety solutions
- Ability to install any size system from leading manufacturers
- Exceptional service, responsiveness, and attention to detail
- A heritage of experience and a history of long term client relationships
- NICET Certified technicians
- Flexibility, a willingness to work with or provide direction to your contractor
- Ease of installation, including the ability to procure materials or a schedule of materials for your direct purchase

ABOUT AFA

AFA delivers thoughtful and worry-free fire and security solutions – installing, monitoring, servicing and inspecting the systems that protect your property or business. We offer customers the freedom of nonproprietary systems because we have confidence that our exceptional service, responsiveness and attention to detail are second to none. We approach challenges by building partnerships, understanding your unique needs and developing innovative solutions. Our goal is to be your long-term fire and security partner whose word and experience you can rely on.
